Convocation at Carleton University

The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as he enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chair of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Coat of Arms

Carleton University's coat of arms is described in heraldic terms as follows: "On a field sable; in radiants d'argent, a maple leaf gules charged with an open book; crest—a phoenix proper." It is comprised of a black shield bearing an open book on a red maple leaf surrounded by silver rays. The shield is surmounted by a phoenix, and below the shield is a scroll bearing the motto "Ours the Task Eternal."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The radiants are the light of learning. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

And so, the Carleton University coat of arms symbolizes sound learning, good citizenship, and the highest hopes of humanity.

The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate

which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of his role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University is a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's—are of the simple or Oxford shape. Bachelor's is made of black stuff; master's and doctor's are made of black silk and all are lined with silver silk with two chevrons, one of red and one of black. From bachelor's to doctor's the hoods are progressively longer and opened to show more and more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; management studies is camel brown with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yolk behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with full gathered yolk behind, and closed sleeves with an opening at the elbows. The doctoral gown is the same style as the master's, made of fine royal blue cloth with facings of light blue silk.

The gown of the Honorary Doctor of Laws, Literature, Science, and Engineering is a full robe with bell-shaped sleeves, made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree Doctor of Laws; vibrant blue for the degree Doctor of Literature; red for the degree Doctor of Science; and orange for the degree Doctor of Engineering.

The Presiding Officer of Convocation is the Chancellor. In the current vacancy in the office of Chancellor, the Chancellor Emeritus, The Honourable Gordon Robertson, P.C., C.C., M.A., D.C.L., LL.D., D. de l'Univ., F.R.S.C., presides as Chancellor at this Convocation.

Accompanying him on the podium are Maureen O'Neil, B.A., Vice-Chair of the Board of Governors, and Robin H. Farquhar, M.A., Ph.D., F.C.C.E.A., President and Vice-Chancellor.

Assisting the Chancellor are:

Honorary Degree Recipient

Jean Pierre Beauregard, B.Sc., B.Eng., M.Eng.

Jean Pierre Beauregard will be awarded the degree of Doctor of Engineering, *honoris causa*, at the morning ceremony on Sunday, November 15, "in recognition of outstanding leadership provided, over many years, to the Canadian aerospace industry."

Jean Pierre Beauregard's name has been associated with the Canadian aerospace industry for close to 40 years. He received his education in Montreal at Loyola (B.Sc., 1948) and McGill University (B.Eng., 1950 and M.Eng., 1952). He then continued his training and experience in gas turbine design and development at Rolls Royce in England for almost three years. He returned to Canada as an assistant research officer with the National Research Council until 1955 and worked briefly as a performance and thermodynamics engineer with Orenda Engines Ltd. In 1957, Mr. Beauregard began his 28-year career with Pratt and Whitney Canada Inc., starting as an analytical engineer, then becoming a key member of the PT6 engine project, the first commercial aircraft turbine engine that was designed, developed, and manufactured in Canada. He also held positions as chief development engineer, director of engineering and vice-president of materials and procurement. From 1985 to 1989, he was a senior executive with International Aero Engines AG, and since 1990, he has been an engineering consultant.

Mr. Beauregard was made a Fellow of the Canadian Aeronautics and Space Institute in 1972 and this year received the McCurdy Award for Outstanding Achievement in Aeronautical Science and Technology.

Sunday,
November 15, 10:00 a.m.

Order of Proceedings

Chancellor Emeritus The Honourable Gordon Robertson, P.C., C.C., M.A.,
D.C.L., LL.D., D. de l'Univ., F.R.S.C., presiding.

O Canada

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Honorary Degree Recipient

His Excellency The Right Honourable Ramon John Hnatyshyn
P.C., C.C., C.M.M., C.D., Q.C.

His Excellency The Right Honourable Ramon John Hnatyshyn, Governor General of Canada, will be awarded the degree of Doctor of Laws, *honoris causa*, at the afternoon ceremony on Sunday, November 15, "in recognition of a distinguished contribution to public life in Canada as a lawyer, Minister of the Crown and Governor General."

His Excellency was appointed the 24th Governor General of Canada by Her Majesty Queen Elizabeth II in 1990. He is the seventh Canadian to be so honoured. His Excellency received his B.A. in 1954 and an LL.B. in 1956 from the University of Saskatchewan and he was called to the Bar of Saskatchewan in 1957. During a brief period from 1958 to 1960, he was private secretary and executive assistant to the leader of the government in the Senate. He returned to his law practice in 1960, also lecturing at the University of Saskatchewan from 1966 until 1974, when he was elected to the House of Commons as MP for Saskatoon-Biggar. He was re-elected, as the Member for Saskatoon-West, in 1979, 1980, and 1984. During that time, he held many positions, including house leader of the official opposition, minister of state for science and technology, minister of energy, mines and resources, government house leader, minister responsible for regulatory affairs, president of the Queen's Privy Council for Canada, and minister of justice and attorney general.

His Excellency was appointed Queen's Counsel for Saskatchewan in 1973 and for Canada in 1988. He holds a total of seven honorary degrees from Canadian universities, including an LL.D. from his alma mater, the University of Saskatchewan, awarded in 1990.

Sunday,
November 15, 2:30 p.m.
